At 3:02 a.m., Saugus Police received a burglary alarm alert from Santoro's Sub-Villa, 259 Essex St. Just prior to the alarm, a Saugus police officer on patrol noticed a 2017 Ford U-Haul truck parked outside the business.

Upon arrival, officers observed that the glass front doors of the shop had been smashed and that the building had been broken into.

Shortly thereafter, police observed the U-Haul exit off Route 1 onto Walnut Street. Officers then conducted a motor vehicle stop on the U-Haul, but as they were getting out of their cruisers to investigate, the operator of the U-Haul took off at a high rate of speed.

Saugus Police attempted to stop the U-Haul, but when the driver failed to stop, a pursuit ensued. The U-Haul traveled from Lynn, then back into Saugus. As it was entering Revere on Route 107, the U-Haul struck a Revere police cruiser, and then crashed into Gulino's Auto Body, 1062 Broadway.

The driver then exited the U-Haul and fled inside the building. Police located the suspect, identified as **SILVIA**, inside the building. He was placed under arrest and transported to the Saugus Police Department, where he is being held pending his arraignment at Lynn District Court.

No one was injured. At the time that **SILVIA** struck the Revere police cruiser, the officer was outside the vehicle and was able to move out of the way.

The Revere Police and Fire Departments also responded to the scene. The Revere Fire Department immediately began extinguishing a fire that occurred at Gulino's Auto Body after the U-Haul crashed into the building and then caught fire,

causing extension into Gulino's.

Following an investigation, Saugus Police determined that the U-Haul was stolen out of Somerville.

This incident remains under investigation by the Saugus Police Department. Saugus Police are also investigating a break-in that occurred earlier this morning at a business located in close proximity to Santoro's Sub-Villa.

These are allegations. All suspects are considered innocent until proven guilty.

Dunstable Police Warn Community of Recent Motor Vehicle Break-ins, Provide Safety Tips

DUNSTABLE – Chief James G. Downes III and the Dunstable Police Department are urging residents to secure their vehicles and belongings following numerous thefts from motor vehicles in town and surrounding communities over the last several days.

Officials believe that this recent string of motor vehicle break-ins may be the work of one group.

On Wednesday, April 6, two vehicles had their windows smashed in at Larter Field in Dunstable. A purse and its contents was stolen from each of the vehicles.

In order to prevent thefts from a motor vehicle, police urge citizens to always lock their vehicles, even if it is in your driveway, and to never leave belongings, especially those of value, in the car or in plain view.

“Residents should always lock their vehicles, even if it is parked in what appears to be a secure location,” Chief Downes said. “Always be sure to remove valuables or store them out of sight to deter thieves from targeting your vehicle. We have seen a significant number of motor vehicle break-ins in the area and encourage residents to be vigilant.”

Dunstable Police will have an increased presence throughout the community, but advise residents to be proactive in protecting their belongings.

If the public sees anything out of the ordinary or finds that any of their belongings have been stolen from their vehicle, they are encouraged to contact the Dunstable Police Department at 978-649-7445.
